Workplace Mediation Conversion Course

On 26/27 January 2010, Globis ran its first [Workplace Mediation Conversion Course](#) for civil and commercial mediators. There is an ongoing debate in the mediation industry about whether there are any differences in mediating civil/commercial and workplace disputes. Delegates attending the course seemed to think so. The 2 day course, deals with both the theory and practical aspects of workplace related disputes, looking at key themes including:

- The 7 step commissioning process
- How to draft a workplace related settlement agreement

- Providing delegates with an opportunity to practice workplace mediation skills by using real-life case studies
- How to calculate the cost of conflict for an organisation

The course attracts Law Society and Bar Standards Board CPD Hours. We have received excellent reviews from those who attended the course and are pleased to inform you of the following extra dates for our next course:

23/24th March – London, 15/16th April – Birmingham, 7/8th October – London
